Eligibility	–	Teachers/ Educators / Special Educators/ School Heads/ School Admins
Interaction	-	24/7 Advisor Call Support – 24/7 Trainer Support / Scheduled & Certified

Learning Objective : This three-day intensive program equips educators, caregivers, school counsellors, and child development professionals with practical knowledge and structured strategies to support children’s developmental, academic, behavioural, and emotional needs. Participants will learn how to understand child growth patterns, identify early signs of learning or behavioural concerns, strengthen study habits, and guide children with confidence and clarity. The program focuses on building proactive child support systems that enhance classroom success, emotional well-being, and long-term development.

Course Modules	Brief Course Module Descriptions	
SP10801 – CHILD CARE & DEVELOPMENT	This module provides foundational understanding of child growth across cognitive, emotional, social, and behavioural domains. Participants explore developmental milestones, age-appropriate expectations, and environmental influences that shape learning and behaviour. The focus is on understanding the child holistically to provide structured and responsive care.	
SP10802 – IDENTIFYING CHILDREN WITH DIFFICULTIES & SCHOOL BASED ACADEMIC DIFFICULTIES	This module trains participants to recognise early indicators of academic struggles, learning differences, emotional distress, and adjustment difficulties. Practical observation methods and classroom-based screening strategies are introduced. Emphasis is placed on early identification, documentation, and appropriate referral or support pathways.	
SP10803 – ESSENTIAL STUDY SKILLS	This module focuses on developing core academic habits such as time management, concentration, memory strategies, note-taking, organisation, and exam preparation. Participants learn how to coach children in building independent study routines. Practical tools are shared to strengthen academic confidence and reduce performance anxiety.	
SP10804 – COACHING & GUIDING CHILDREN	This session explores structured mentoring, motivational guidance, and supportive communication techniques. Participants learn how to build trust, set realistic goals, encourage responsibility, and foster resilience. The emphasis is on guiding children toward self-regulation and independent problem-solving.	
SP10805 – BEHAVIOUR ISSUES MANAGEMENT	This module addresses common behavioural challenges such as non-compliance, impulsivity, attention difficulties, and emotional outbursts. Participants learn behaviour analysis principles, positive discipline strategies, reinforcement systems, and structured classroom management approaches. The focus is on proactive intervention rather than reactive punishment.	
SP10806 – LIFE SKILLS EMPOWERMENT	The final module integrates life skills such as emotional regulation, decision-making, communication, empathy, and resilience into child guidance frameworks. Participants learn practical activity-based strategies to build confidence and long-term coping abilities in children. The emphasis is on empowering children for academic success and personal growth.	
Course Mode	One workshop will be conducted each month. A total of three workshop days will be delivered at your premises.	
Course Fee	₹3600 – for schools around Coimbatore, Erode, Tiruppur & Nilgiris	₹5400 – for rest of Tamilnadu
