

Course Name	–	<b>CERTIFICATE IN UNDERSTANDING &amp; MANAGING NEURODIVERSITY (SP109)</b>
Course Duration	–	<b>At your campus certificate course / 06 Modules / 3 months with 3 workshops</b>
Course Mode	–	Hybrid/ On Campus Workshops / Learning Materials / Expert Trainers
Learning Mode	–	Offline workshops/24X7 Whats App Support /Online & Offline Support Sessions
Eligibility	–	Teachers/ Educators / Special Educators/ School Heads/ School Admins
Interaction	-	24/7 Advisor Call Support – 24/7 Trainer Support / Scheduled & Certified

**Learning Objective :** This three-day intensive program equips educators, school counsellors, and academic leaders with practical knowledge and applied strategies to understand and effectively manage neurodiversity in educational settings. Participants will develop the ability to identify learning and behavioural differences, interpret assessment indicators responsibly, and implement evidence-based classroom interventions. The program focuses on building inclusive teaching competence, strengthening student support systems, and empowering educators to create learning environments where neurodiverse students can thrive academically and emotionally.

Course Modules	Brief Course Module Descriptions
<b>SP10901 – UNDERSTANDING NEURODIVERSITY</b>	This module introduces the concept of neurodiversity as a natural variation in brain development and learning styles rather than a deficit-based condition. Participants explore developmental differences, cognitive processing styles, and strengths-based perspectives. The session builds foundational clarity to shift from labelling to understanding and structured support.
<b>SP10902 – DYSLEXIA, DYSCALCULIA &amp; DYSGRAPHIA</b>	This module focuses on identifying characteristics of specific learning disabilities affecting reading, writing, and mathematics. Participants learn screening indicators, classroom-based assessment observations, and practical intervention strategies. Emphasis is placed on instructional adaptations, remediation approaches, and classroom management techniques that support academic success.
<b>SP10903 – ATTENTION-DEFICIT/HYPERACTIVITY DISORDER &amp; BEHAVIOUR ISSUES</b>	This module examines ADHD presentations, executive function challenges, and associated behavioural patterns in school settings. Participants learn structured observation methods, behaviour analysis principles, and classroom management strategies. Practical tools for attention support, impulse control, and behaviour modification are emphasised.
<b>SP10904 – AUTISM SPECTRUM DISORDER</b>	This module explores core features of Autism Spectrum Disorder including communication differences, social interaction challenges, and sensory sensitivities. Participants learn structured support techniques, visual strategies, communication adaptations, and behavioural planning methods. The focus is on building predictable, supportive, and strength-oriented classroom environments.
<b>SP10905 – NONVERBAL LEARNING DISABILITY &amp; SENSORY PROCESSING DISORDER</b>	This module introduces Nonverbal Learning Disability (NVLD) and sensory processing challenges that affect social understanding, motor coordination, and classroom engagement. Participants learn practical identification markers and sensory-supportive classroom adjustments. Strategies for structured communication, environmental modifications, and emotional regulation support are covered.
<b>SP10906 – INCLUSIVE CLASSROOMS</b>	The final module integrates learning into a whole-class inclusive framework. Participants develop practical plans for differentiated instruction, Individualised Education Plan (IEP) collaboration, classroom accommodation strategies, and inclusive assessment methods. The emphasis is on creating structured, equitable learning environments that support both neurodiverse and neurotypical learners.

<b>Course Mode</b>	One workshop will be conducted each month. A total of three workshop days will be delivered at your premises.		Minimum 12 Educators 24/7 WhatsApp Doubt Support
<b>Course Fee</b>	₹3600 – for schools around Coimbatore, Erode, Tiruppur & Nilgiris	₹5400 – for rest of Tamilnadu	₹3600 – for rest of India (with 6 online workshop sessions) ₹9600 – for rest of India (with 2 day onsite workshops)
